A GREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

WELLS COLLEGE.

MR HENRY WELLS, ONE OF THE founders of Wells, Fargo & Co, and the acknowledged father of the present Express system, has erected a College at Aurora, Cayuga Lake, New York, for the Education of Young Ladies.

In addition to the collegiate departments the institution is to have a cabinet of Salmon Curiosities—such as gold, silver, quicksilver, petrifactions, agates, crystals and other minerals and fossils and rare botanical specimens. To procure these articles Wells Fargo & Co's agents everywhere have constituted themselves a committee for their collection. Specimens are more particularly referred to in Mr Wells' letter, should in all cases be accompanied by written memoranda, giving the name of the contributor, that of the thing sent, its natural locality, and such other local or historical data as will be of instructive value and interest. Each specimen thus obtained will be neatly labled, so as to perpetuate the name of the donor, and the entire collection will be handsome displayed in the college building and designated as "Wells, Fargo & Co's Express Contributions"

F. GARRISON, Wells, Fargo & Co's agent at Victoria, respectfully solicits contributions and specimens.

THE BRITISH COLONIST.
Saturday Morning, July 1, 1871.

Dominion Day.

To-day, throughout the Provinces of Ontario, Quebec, New Brunswick and Nova Scotia the Fourth Anniversary of the Dominion of Canada will be celebrated in a manner worthy of an event of so much importance, not only to the people of the young Dominion but to this continent, and, we might say, to the whole world. It is much to be regretted that British Columbia, as a member of the Dominion, cannot, as was at one time anticipated, join with those to whom we are so soon to be related by ties of nationality, in celebrating a day which is destined for all time in the Dominion history to be a day of rejoicing. We are proud and happy to say that although as a Colony this day is not recognized as a holiday, there are those who have set a glorious example by showing their love and patriotism to the new nation which they have already adopted in their hearts. The people of Cariboo, as they have always done in the work of Union, have taken the lead, and no assurance is necessary that they will nobly perform their part in doing honor to the occasion. The Victoria Fire Department fall next into line, and it is to be hoped that their example may be sufficiently potent to insure the co-operation of all citizens in the celebration of Dominion Day. And, although the last political link which still binds us to the sole rule and government of Downing-street is not yet broken, let us unite in heart with our Canadian Brethren in the East, and with them rejoice over their glorious progress and prospects of a Government and a Country that bids fair to outrival in free institutions and perfection of government any other nation on earth; a Dominion whose flag, ere many days, will float freely and proudly over this new Province of British Columbia.

Dominion Mail Summary.

We have Canadian papers to the 14th June, which contain many paragraphs of interest to British Columbia. The Ottawa correspondent of a Montreal contemporary states that it is understood that the Governor General will not proceed to England until the expiration of his term of office. Lady Lisgar and suite sailed for London on the 9th of June. The papers generally have cooled down on the Treaty question, but some of the Ministeralist organs still bitterly oppose its passage. The Flying Squadron were enjoying the hospitalities of Halifax and would sail for 'round the world on the 23d June. A terrible railway accident occured at Grafton on the 11th June of which four lives were lost. A train coming from the east, with a large number of immigrants, collided with a freight train standing at the station, thereby knocking several cars off the track, and causing a general smash-up. The engineer, conductor, and one of the immigrants were killed instantly, and the fireman had his leg mangled horribly, rendering amputation necessary. Several others were injured, many narrowly escaping with their lives. The express train from the east had not arrived more than two minutes before the collision took place. The timely appearance of young Mr Allan, who showed great presence of mind, prevented a still more terrible disaster. The young man seeing the train coming, switched it off on the track where the freight train was standing, and thus saved the express. The brigade camp has been formed at Niagara; 5,000 militia are in camp. Nine British ships of war have been detailed by Admiral Fanshawe to assist the Canadian cruisers in enforcing our regulations of our fisheries. The Halifax *British Colonist* has been mulcted in $6,000 damages for libeling Mr D W Dickie, an ex-legislator. The Governor General has received a dispatch from the English Government expressing its satisfaction at the admission of British Columbia into the Dominion, and hoping a career of progress and prosperity for this country. So far the following gentlemen have been returned to the Quebec Assembly, all by acclamation:—Mr Langevin, Quebec Centre; Mr Hearn, Quebec West; Mr Rheaume, Quebec East; Mr Cauchon, Montmorenci; Mr Robertson, Sherbrooke; Mr Guerin, St Maurice. Mr Robertson is Treasurer of the Quebec Goverment and the others are supporters of it. Hon Geo Coles, of Prince Edward's Island, for some time suffering from mental aberration, has become so much worse as to require to be placed in the lunatic asylum at Charlottetown. The Postoffice Department issue postal cards simultaneously from the principal offices, adopting the British system. An actual trial will show whether they will suit here as well as they do in Britain. A dispatch from Montreal of June 6th says of stocks: Bank of Montreal, buyers 285½, sellers 288; Ontario Bank, buyers 118; Bank of British North America, buyers 115; Molson Bank, buyers 126, sellers 130; Merchant's Bank, buyers 147¼, sellers 148¼; Union Bank, buyers 124, sellers 125. At Montreal on the 9th June at 3 o'clock in the afternoon the residence of Federick Gault, No20 McGill College Avenue, was entered by apparently the same gang. Mr Gault was keeping house alone, the family being in England, and had been spending the day with a friend. On returning at three o'clock he observed the window shutter open, and on entering the house found all in confusion. He proceeded up stairs and encountered two fellows ransacking the wardrobe. He instantly seized them although unarmed, and a deadly struggle ensued. Mr Gault, who is very powerful, had the thieves fully in his grasp and nearly dragged downstairs when one of them drew a pistol. He shot Mr Gault through the mouth, tearing away all the teeth on one side, the ball lodging in his neck. The struggle, however, continued till the ruffians were landed in the street when Mr Gault fainted from loss of blood, and the thieves escaped. The pistol fortunately was a single barrel, and small. It had been stolen from Judge McKay's in the morning. There is a desperate gang evidently in the city. The police are everywhere on the lookout. The ball was extracted this evening, but Mr Gault is much injured. The revenue of the Dominion for May was $1,723 178 63; the expenditure $991,678 33. Fifty people were poisoned at a temperance soiree in Kendall on the Queen's birthday. The ladies had used green and purple colouring for frosting cakes, and all who partook of it were attacked with severe vomiting and alarming symptoms of poison to such an extent that many of them had to send for a physician. Fortunately there was no fatal result. We regret to learn of the death of Hon Edward Short, one of the Judges of the Superior Court of the Province of Quebec, which occurred at Sherbrooke on Monday last. Information is conveyed from Quebec of the suicide of Captain Le Mesurier, of the Royal Artillery. The unfortunate gentleman formerly belonged to Her Majesty's Indian Army, and had but lately joined the Quebec garrison. The rash act—cutting his throat with a razor—was no doubt undertaken owing to a depression of spirits caused by long and continued ill health. Recent reports of the destruction of boats, tools and provisions by a horde of Indians upon the Upper Portage, on Lake Shebandowan, are mere canards, emanating from Duluth, and evidently set afloat with a view of intimidating intending travellers to the Red River from taking the Canadian route, and of increasing the traffic through Duluth. Proceedings under the controverted elections act have commenced at Cornwall in the Stromont case before Chief Justice Richards. A sad boating accident by which Captain Alex Matheson, of the Inman steamer City of Durham, and Dr McEgan of the same vessel lost their lives, is thus described by the Halifax *Chronicle*:—Captain Matheson and his companion started in the morning in a small sailboat intending to fish, but on their return a gale sprang up and the boat driven out to sea. Early in the afternoon information reached the city that between nine and ten o'clock a Mr McNab, residing at the Eastern Passage, had seen a boat with two men in it struggling against the wind, about half way between Point Pleasant and the Red Buoy, and on looking out a few minutes later he saw the tops of the mast disappear beneath the water. The description he gave of the boat left no doubt that it was the one containing Capt Matheson and Dr McEgan. The bodies have since been recovered.

DR. BARNARD WILL HAVE pursued his vocation of Dentistry in Victoria Five Years next August, and humbly solicits a portion of the public patronage for the coming decade. We cheerfully add Dr. B's Card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, increased by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of full sets, or the partial remedying of natures loss and deficiencies.

Patience and gentleness are the governing principles of the Doctor's office.

Extract from the Report of the Special Committee.
—ON—
Martini-Henry breech-loading
RIFLE.
Presented to both Houses of Parliament by Command of Her Majesty.
[C. 299, page 4.]

GUNPOWDER,

"The powder first tried by the Committee is the Boxer-Henry cartridge, and of which they entirely approve, is know as 'Curtis and Harvey, No 6.' Several other descriptions manufactured at the Government Factory, Waltham Abbey, have also been tried, but have not afforded the same uniform accuracy of shooting.

There appear to be difficulties, confined, it is believed, to the question of expense, in producing a powder at Waltham Abbey in all respects equal to 'Curtis and Harvey, No 6,' but the Committee, keeping in view the importance of maintaining the great accuracy of shooting of the Martini-Henry rifle, recommend that no powder should be used for its ammunition that does not give results at least equal to those obtained in the Committee's experiments, whether such powder be obtained from the Government Factory or from the trade."*

*Messrs Curtis and Harvey's powder was employed by Mr Henry during the competition for accuracy of shooting and the results then attained were satisfactory, the Committee have, without making trial of the powder of other manufacturers, continued its use as a standard.

CURTIS & HARVEY take this opportunity of sending an extract from the Report of the Special Committee on the most suitable rifles for the Service; and as THEIR GUNPOWDER is so highly commended, they think it desirable to communicate the information to their customers and friends. The recommendation equally applies to all marks and descriptions.

Ayer's Hair Vigor,
FOR RESTORING GRAY HAIR
TO ITS NATURAL VITALITY & COLOR

Advancing years, sickness, care, disappointment, and hereditary predisposition, all turn the hair gray; either of them disposes it to fall off prematurely; the effect is unsightly and unpleasant to behold. Dr. Ayer's consummate skill has produced an antidote for these deformities, which has won great favor for him from multitudes of women and men. His HAIR VIGOR sometimes reproduces lost hair, and always restores to faded and gray hair its natural color, with the gloss and freshness of youth. The comparatively few bald and gray heads that we now see, are those who have not yet discovered the virtues of Ayer's HAIR VIGOR for renewing the hair. The fresh and youthful hair we see on older heads is often the product of his art. If you are disfigured or made old, austere and ugly, by gray hair, restore its youthful color and with it your features to their original softness and agreeable expression.
As an elegant dressing for beautifying the Hair it has no superior,

Canadian Pacific Railway.

Printed instructions have been issued to the Engineers in charge of parties employed to survey the route of the Canadian Pacific Railway. Each party is placed under the control of an Engineer, whose duty it will be to maintain proper discipline, &c. In the event of his being compelled to leave the party, the Transit man will take charge. Arrangements will be made for forwarding supplies, which are to be of the best quality, to a general depot at or near the commencement of each division of the survey. Each exploring party will be designated by a letter of the alphabet and all articles of equipment, supplies, &c, will be marked with that letter. In conducting the survey the engineer of a party is expected to be at its head every day, exploring in front and to the right and left, in order to see what obstructions may be in the way and to determine as to the best manner of avoiding them. A pair of light steel climbers will be furnished to each party in order to enable the engineers in charge to climb a tree with facility and obtain a knowledge of the topography of the surrounding country. As often as possible the Engineer is directed to forward to the Head Office a traced copy of the plan and section, showing the amount of work done. The following is the outfit of each man: 2 pairs of pants, 2 coats, 3 flannel shirts, 3 pairs of drawers, 6 pairs of socks, 1 pair of mitts, 2 pairs of strong boots or shoepacks, 1 towel, one brush and comb, and a few other small articles; the whole personal outfit must not exceed 30 pounds. Except in special cases, the number of firearms in each party is to be limited to one rifle and one double barreled gun. Engineers in charge are requested to see that the Sabbath is duly observed, and a simple form of prayer is recommended for use on that day.

DEATH OF L F BEATTY—Poor Mr Beatty, the well-known actor, never rallied after his attack of paralysis at Olympia, Washington Ter., but passed away yesterday morning, leaving a wife and two children quite unprovided for. Mr Beatty was one of the first actors to arrive at Victoria in 1859 and passed two years here. He was an actor of much ability and great respectability and possessed a high sense of honor. At Victoria he was ever a favorite and his departure will cause a feeling of regret to his many friends.

LOCAL MINISTRY.—It is at last, we believe, definitely settled that a local ministry will not be formed until after the fall elections are over, and the Lieut Governor shall have taken the reins of Government.

Police Court.

FRIDAY, June 30th.

EMBEZZLEMENT—San Kean a Chinese woman and Chang Foon a Chinaman, who were a few days ago remanded by the Court on separate charges of conspiracy and embezzlement, were again remanded for eight days.

WHISKY SELLING—John Starovich of Bella Bella appeared on a charge of supplying whisky to Indians in exchange for blankets in January last, and was remanded for six days.

COMMITTED—Como and Toney the two Indians who attempted an escape from the chaingang were committed for trial at the next Assize.

BREACH OF CUSTOMS' LAW—The owners of the steamer Maria for entering the port of Nanaimo and taking therefrom a cargo of coal on the 11th of May last without entering or clearing through the Custom House, were fined $100. Mr D Lenoveu appeared for the defendants and pleaded ignorance of the law.

THE LIEUT. GOVERNORSHIP.—We are as greatly mystified as ever with respect to the name of the gentleman who will be appointed Lieut Governor of British Columbia. Our Exclusive Dispatch, a day or two ago, announced that Mr Trutch and Mr Morris were spoken of. The Toronto *Globe's* correspondent at Ottawa on the 5th of June, says: "It is considered certain here that Hon Mr Tilley will be appointed Lieutenant-Governor of British Columbia, thereby creating a vacancy in the cabinet for New Brunswick. As the Hon Col Gray is still here, it will be a fine chance for Sir John to give that gentleman a further proof of his esteem by taking him into his cabinet. Mr Tilley is not expected to leave for British Columbia until the fall, and probably an administrator of the Government will be appointed till he is ready to leave." In a private letter from Ottawa, dated June 12th, shown us yesterday, it is stated that Mr Langevin will leave next month for British Columbia on a visit, to be followed in the fall by Mr Tilley as first Lieut. Governor of the Province. Pending the arrival of Mr Tilley Mr Hankin, Colonial Secretary, will be Administrator." This is really all the news that has come to hand on the subject. A telegram may at any moment either confirm or shatter every speculation thus far made.

BARKER'S FOUR RIVERS OF THE WEST.—Mr Barker exhibited his fine panorama at the Theatre yesterday afternoon before a large and fashionable audience, who frequently manifested their delight as the canvas was unrolled. The little ones were especially pleased and the pleasure was enhanced by the appropriate selections of music arranged specially for the exhibition by Mr Digby Palmer. Mr Barker will visit Puget Sound for the purpose of affording the people there an opportunity of seeing the painting, which is really a fine work of art, and challenges the admiration of all who have a taste for the beautiful and an appreciation of artistic talent.

CEDAR HILL SCHOOL EXAMINATION.—The examination of this school, of which Mr C C McKenzie is Principal, took place yesterday. The attendance of pupils was full and the examination highly satisfactory. The prizes were presented by the Inspector General of Schools, E G Alston, Esq. The first prize—for general scholarship — was awarded to Christina Irvine. Among the visitors were Mr Nathan, M L C, Dr Tolmie, Mr E H Jackson, and Mr Thomas Nicholson. Congratulatory remarks were made by the Inspector General, who paid a deserved compliment to the teacher and to the parents of the children for their neat appearance and orderly conduct.

POLITICAL.—Dr Ash paid a visit to Comox this week, and intends, we believe, to offer himself as a candidate for the representation of that District in the local Legislature. Dr Ash has large interests in Comox, and would, if elected, make an able representative. We understand that his prospects of election are highly encouraging.... Mr Robson has just returned from the Nanaimo District, where he is a candidate for the local Legislature. On Thursday evening he addressed a large audience in the Hall of the Literary Institute, Captain Sabiston in the Chair.

FROM THE COAST.—The steamer Sir James Douglas, Capt Clarke, returned from Comox and Nanaimo yesterday, bringing a large number of passengers and considerable produce. Amongst the passengers were Rev Mr Raynard, Mrs Reece, Mr Archibald Dodd and Mrs Dodd, Mrs Sinclair, Mrs Williams, Mrs Habert, Dr Ash, Col Evans, Capt Roberts, and Messrs Gaston, McGregor, Smyth and Robb. The crops in the settlements are looking very well. In some instances haying has commenced.

IMPORTANT SALE OF FARM STOCK.—We direct attention to an advertisement in another column, from which it will be seen that a very important sale of farm stock will be held at Comox on the 6th inst. The live stock is in excellent condition and comprises some of the best bred animals to be met with in the colony. The steamer Sir J Douglas goes up on Tuesday, and thus a good opportunity will be presented for uniting business and pleasure.

FUN AHEAD.—Two or three young gentlemen from San Francisco propose opening in this city on Wednesday next a Roller Skating Rink at St Nicholas Hotel, using the large saloon on the first floor as their Hall. They bring first-rate letters of introduction as men of business and high moral integrity. We bespeak for them a large attendance.

REGISTRATION OF VOTERS' LIST.—The lists of registered voters will be published to-day simultaneously in all the districts. Objections must be made before the 15th day of July; and between the 10th day of August and last day of September of each year the Registrar must make a circuit and revise.

THE brig North Star will sail for Nanaimo this morning to load coal for Honolulu, for the use of Webb's Australian and New Zealand steamers.

DIAMONDIA.—Late advices from the Cape of Good Hope are to the effect that the accounts from the diamond fields are still encouraging.

MUNICIPAL AUDITOR.—At the last sitting of the Municipal Council, T Holmes, Esq, was appointed sole Auditor of the Municipal accounts.

VALPARAISO DRY DOCK.—Mr Sutherland has received a telegram from San Francisco announcing that the ship Helen Morris, 1300 tons, has been chartered by Welch & Co. to load long lumber at Moody's Mills, Burrard Inlet. The lumber will be used in the reconstruction of the Valparaiso Dry Dock, which was destroyed by the Spaniards who bombarded the city in 1866. The ship will sail for the Inlet in a day or two, and will be followed by other vessels on the same account.

WHAT IT COST TO NEGOTIATE.—The Pall Mall *Gazette* says that is cost £25.000 or $125.000 to telegraph the communications from and to Washington during the sitting of the Commission. If to that sum be added the allowances to and general expenses of the Commissioners, the whole would foot up to a pretty nice total. An American paper says the allowance made to Judge Hoar and Senator Williams, two of the Commissioners, was $25.000.

MASONIC.—The solemn Masonic ceremony of Templar Order, adaptive services of the feast of bread and honey, in commemoration of the birth of St John, were administered on the 25th June, for the first time in California, in Mount Ararat Ark No 1. Archoness, Mrs Jenny Kent, under direction of Venerable Archon Jonas Eaton, conducted the ceremony.

THE PUKEKO, a New Zealand game bird, has been introduced by the Hawaiian Government into that Kingdom and set at large. It is said to be a large and exceedingly prolific bird and that it can be introduced and acclimated here without trouble.

THE ZEALOUS did not leave San Francisco until yesterday. See our Exclusive Dispatch.

FOURTH OF JULY.—The steamer Isabel will leave at 4 o'clock on Tuesday for San Juan and return the same night.

TO HOUSEKEEPERS.—Bear in mind that the butcher shops will close at 3 this afternoon, and do your marketing early in the day.

A VESSEL has left San Francisco for the Aleutian Islands to take possession of the coal very lately discovered there.

In the House of Lords to-night Lord Cranmore moved a resolution expressing regret that the Queen had been advised to sign the Treaty of Washington, a bargain so unbecoming the honor and dignity of the country. Its conditions were in conflict with the instructions given and were abject and humiliating, and insulting to Canada without conciliating America.

Earl of Carlisle defended and praised the treaty.

Earl Lauderdale said it gives everything to the United States without securing an equivalent to England. Lord Broughton was satisfied with the compact because it would prevent further quarrels. Granville closed the debate with a vigorous defence of the action of the Government. The motion of Lord Cranmore was defeated.

In the House of Commons Gladstone hoped that an early day would be fixed for the discussion of the Treaty of Washington.

ST JOHN, N B, June 29—The delegations from the New Brunswick Government to the Nova Scotia and Prince Edward Island Governments to try and procure concerted action against the fishery clause of the Washington Treaty, returned yesterday. They are very reticent as to their doings, but say that the fishermen and fish traders of the Islands and Nova Scotia are favorable to the treaty and intimate that, owing to the game the Nova Scotia Government is playing with the Ottawa Government, it is not to be relied upon to oppose the treaty. The belief here is that the deputation has failed in its mission.

A MEDICAL MISER.—An anecdote is told of Velpeau, the eminent French surgeon, who was a miserly, disagreeable man, and died a few years ago. He had successfully performed on a child five years old, a most perilous operation. The mother came to him and said:

"Monsieur my son is saved, and I really know not how to express my gratitude. Allow me, however, to present you with this pocket-book, which was embroidered by my own hands."

"Oh, Madame," replied Velpeau, sharply, "My art is not a mere question of feeling. My life has its requirements, like yours. Dress even, which is a luxury for you, is necessary for me. Allow me, therefore, to refuse your charming little present, in exchange for a more substantial renumeration."

"But, Monsieur, what renumeration do you desire? Fix the fee yourself."

"Five thousand francs, Madame."

The lady very quietly opened the pocket-book, which contained ten thousand franc notes, counted out five, and, after politely handing them over to Velpeau, retired. Imagine his feelings!

ON Sunday evening about dusk a veiled lady dressed in black, threw a parcel into the hall of the Rev Mr Fawcet's residence at Oakville. She was seen leaving the premises, but was unrecognized. The parcel was found to contain the handsome sum of $264, and a note stating that the donor having heard that the Red River Mission was sadly in want of funds gave the enclosed for that object. The note was signed "One for whom the Lord has done great things." No one has the slightest idea who the lady can have been.

MARAVILLA COCA.—No breakfast table is complete without this delicious beverage.—The *Globe* says, 'Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. CURING

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the blood, are the most congenial purgative yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action, and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most eminent clergymen, most skilful physicians, and our best citizens send certificates of cures performed and of great benefits they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated they are easy to take; and being purely vegetable, they are perfectly harmless.

ELECTRICITY IS LIFE.

PULVERMACHER'S Pocket Batteries.

CHAIN BANDS, BELTS AND PATENT GALVANIC

THESE REMARKABLE AND HIGHLY improved inventions render electricity perfectly self-applicable, and extremely efficacious in a mild continuous form, no shock or unpleasant sensation being experienced, whereby it becomes a true fountain of health and vigor, speedily soothing agonizing pains, re-animating torpid limbs, reviving the sluggish functions of life and imparting renewed energy and vitality to constitutions enfeebled by whatever cause. Medicines and their deleterious consequences are thus entirely dispensed with! The daily increasing number of cures effected by PULVERMACHER'S MEDICO GALVANIC SYSTEM is so extensive and varied, that it forcibly points to this invention as the embryo of the universal remedy.

N.B—The following testimony from the ELITE of the English medical faculty has been received:

"We, the undersigned, have much pleasure in testifying that Mr J L PULVERMACHER'S recent improvements in his Voltaic Batteries and Galvanic Appliances for Medical Purposes, are of great importance to scientific Medicines and that he is entitled to the consideration and support of everyone disposed to further the advancement of real and useful progress.

Dated this 9th day of March, 1866.

Sir Charles Locock, Bart., M.D, F R C P.
Sir Henry Holland, Bart., M.D., F R S.
Sir Wm Fergusen, Bart. F.R.S.
Edward H. Sieveking, M D, M R C S.
Sir J. Ranald Martin, F R S.&c.

PULVERMACHER'S SYSTEM is also approved of by an official report of the Academie de Medecine, Paris; Royal College of Physicians, London; and the Imperial Faculty, Vienna, and its curative virtues are confirmed by thousands of private testimonials of cures effected. (See pamphlet gratis).

These facts appeal to the good sense of every sufferer to avail himself of this scientific and curative progress, to which the inventor has devoted a lifetime of study and labour, as an ardent disciple of that great benefactor of mankind, the late illustrious electrician, MICHAEL FARADAY

PULVERMACHER'S MEDICO-GALVANIC CHAIN are exceedingly effective without the aid of medicine, restriction of diet, or the least derangement of the patient's habits and daily occupations. In the following maladies:—

Rheumatism,	Tic Doloreux,	Sluggish circulation,

Sciatica,	Deafness,	Paralysis,
Lumbago,	Spasms,	Epilepsy,
Neuralgia,	Female complaints	Nervous Debility

The effects of the application of Pulvermacher's Chains in any of the above disorders is immediately perceptible—the relief of pain instantaneous.

This decree is printed in extenso in Pulvermacher's Pamphlet of recent Testimonials and Medical Reports of cures, containing likewise numerous extracts from many standard and scientific works, viz., Dr Quevira's "Materia Medica," Dr Tanner's "Practice of Medicine," Dr Handfield Jones "On Nervous and Functional Disorders, etc." This pamphlet may be had at the office of this Paper, or of J L Pulvermacher's Galvanic Establishment, 200 Regent St, London.

New Remedies! New Remedies!

DR. GIBBON'S DISPENSARY

No 623 Kearney Street Corner Commercial, San Francisco, established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc., etc. Skin diseases of long standing, and Ulcerated Legs, etc., successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his dispensary, 623 Kearney street, corner of Commercial where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Seminal Weakness.

Seminal emission is the consequence of self-abuse. The solitary vice, or depraved sexual indulgence is practiced by the youth of both sexes to an unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Shallow countenance dark spots under the eyes, pain in the head, ringing in the ears, noise like a rattling of leaves, or rattling chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples, and various eruptions about the face, hectic flushes, furred tongue foetid breath, consumption, night sweats, monomania and frequently insanity. If relief be obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Cured at Home.

Persons at a distance may be cured at home, by addressing a letter to Dr Gibbon, case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain direction for use, by inclosing $5.00 in coin, in a registered letter, through the Postoffice or through Wells, Fargo & Co.

A package of medicine will be forwarded by express to any part of the Union.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

Private entrance on Commercial street.

All communications strictly confidential.
